And it shall come to pass in the last days, that the mountain of the Lord's house shall be established in the top of the mountains, and shall be exalted above the hills; and all nations shall flow unto it. And many people shall go and say:

Come ye, and let us go up to the mountain of the Lord, to the house of the God of Jacob; and he will teach us of his ways, and we will walk in his paths: **for out of Zion shall go forth the Law, and the word of the Lord from Jerusalem.**

And he shall judge among the nations, and shall rebuke many people: and they shall beat their swords into ploughshares, and their spears into pruning hooks: nation shall not lift up sword against nation, neither shall they learn war any more.

The Prophet speaks

The Prophet got up, walked to the centre of the square, cleared his throat and began:

Friends, I bring before you the simplest and most important teachings you will ever hear.
You will think you do not need to listen. That is your choice but does not make it
factually or morally correct.

You might think of yourself as an atheist; or a Muslim; or an independent woman; a
feminist, a wife; as a black man; a gay man; a man of God; a man of the church; a
Jehovah's Witness; or even the lowest of the low.

But know this: you are first and foremost a man (which includes women) who is about to
face his destiny, about to face the judgment of his eternal soul, as prophesised in texts
distributed far and wide.

On a cosmic level, the tide has turned. And time and tide wait for no man, as the
followers of that old English king learned all too well (Silly Cnuts!). So there is nothing
you can do about cosmic re-organisation.

Accept it and know that it affects you. Yes you!

There is far more evidence that I am the Chosen One of God than there ever was of
weapons of mass destruction in Iraq, yet you allow war-mongers to govern while men of
peace are attacked.

If there is one clear message that emerges from the Easter story of the Bible, it is that every man and
institution rejected Christ, a peaceful prophet, in his hour of need:

❖ The Established Church in the form of the High Priest who insists Jesus is

sent to the Romans to be put to death.

- ❖ The dissenting churches in the form of the Sadducees.
- ❖ The New Agers in the form of the Pharisees.
- ❖ The King in the form of Herod
- ❖ The political class in the form of the Zealots
- ❖ The people in the form of the baying mob who insist Jesus Bar Abbas, a terrorist, is released at the expense of the Christ, a man of love and peace.
- ❖ Most of his disciples, who either run at the first sign of trouble or deny or betray him.

Yet despite his rejection, the Biblical Christ walked the Via Dolorosa, the way of suffering, alone in order to make the salvation of man possible. Now, mankind must make that Walk.

In any case, my statement that I am the Sovereign under the Law has gone unchallenged. I hold the Office so the Authority so the Crown.

I say this because inevitably in a year or so's time the universe is to change, gathering up the corrupt, the evil; and the plain old selfish and small-minded to condemn them to their own personal hell, depending on what God sees as the fittest punishment for you.

But I know now, come that day, many of the condemned will plead for special treatment, because they 'did not know this day was upon us'; that they 'did not know funding murder, torture, rape and pillage were against the Law'; that they 'thought serving my family was enough'.

Well, that is why I am here now: to tell you there will be no excuses.

Each will be judged according to what he has done.

Either you repent now for the harm you have caused God's children. Or prepare yourselves for karmic retribution, vengeance -- not revenge -- for the people whose lives and homes your men of violence have destroyed.

Hear this: you only have yourselves to blame, if you ignore the Law.

There is no greater joy in heaven than seeing a sinner repent. But seeing an unrepentant sinner getting his comeuppance comes a pretty close second. So which is it to be?

11.11.11, the 11th hour

'Cometh the hour, cometh the man'

By and large all of the Congressman are in favour of monetizing silver in Mexico. The dirty work is how to get around the blocking that is presented by three or four important party leaders who are bought off by the central bank or intimidated by the central bank. They are afraid to go against the central bank's desires.

Hugo Salinas Price, billionaire investor

He paused to allow the message to sink in with the tiny but growing crowd. He could see they thought he meant others when he meant them so he cleared his throat and spelt it out:

When the banksters plunder and steal from the poor through usury and ministers both spiritual and temporal conspire with them in the name of the City, why do you wonder that there is looting and theft?

If you do not obey the Law, church and state, then why should the people on the streets?

If you break the Law, then why should you imagine yourself immune from prosecution or retribution?

In the final reckoning, there can be no blaming others. You must understand your duty. You are responsible for your actions and words.

It is the 11th hour, mankind. On current evidence you are about to fry.

I have come to bear witness to man's inhumanity to his fellow man. And to judge the quick and the dead.

You live under a system of false law, false accounting and a false historical record created by secret services, secret societies and their friends in the mainstream media and the church.

Funded by the usurers whom the biblical Christ threw out of the Temple, hypocritical priests, bishops and churchgoers look the other way while the true flock is condemned to slavery.

Oh false men of God, if you do not remove the usurers from the City, from the Temple of Brute, then I will.

'Act relating to Usury'

Another bill was brought in against usury, which passed both houses, and was made a statute. By it, an act passed in the 37th of the late king (Henry VIII), that none might take above 20 per cent on money lent, was repealed; which they said was not intended for the allowing of Usury, but for preventing farther inconveniences.

And since Usury was by the word of God forbidden, and set out in divers places of Scripture as a most odious and detestable vice, which yet many continue to practise, for the filthy gain they make by it.

Therefore, from the 1st of May, all usury or gain from money lent was to cease; and whosoever continued to practise to the contrary, was to forfeit both principal and interest, to suffer imprisonment, and to be fined at the king's pleasure.

Esoteric Proverb

They worship me in vain; their teachings are merely human rules.

Matthew 15:9, NIV

I was there and heard his words, really heard his words. And I know they are true.

Those men and women who condemn the protestors outside St Paul's fail to realise that necessity is the mother of invention. They have to occupy the City because the government won't listen to argument or reason. Those camps are the visible demonstration of the failure of church and state to enforce the Law, and of so-called men of God to uphold the word of God as the best protector of His children's rights.

Meanwhile, the real criminals -- the usurers who back the church to buy the favours of ministers -- continue to get away with using their ill-gotten gains to back manufactured war, false-flag terrorism and the covert, neo-Nazi agenda.

In fact, the Italian dictator, Benito Mussolini, defined fascism as the 'union of corporate and state power'. How do you imagine that your society is any different?

Each will be judged according to what he has done

Revelation 2012

I tell you, those who do not repent for their crimes will feel God's justice swiftly, come the final day.

At this 11th hour, let us remember the millions who have suffered at the hands of Britain, the US and their allies over the years, abused and tortured by British soldiers who often hid their crimes by destroying the evidence. **Remember, God sees everything.**

Let us remember the villagers of Afghanistan, Iraq and Lebanon burnt and buried under a plethora of banned chemical warfare agents, like white phosphorous and depleted uranium. **Confess to your crimes now.**

Let us never forget the concentration camps of Guantanamo Bay -- and the other secret prisons. Pushed by neo-Nazis masquerading as Neo-Cons and supported by the usual cretins in parliament and the media, this tool of the tyrant and the politburo violates the terms of the Geneva Convention. **Repent over your war crimes.**

Let us not forget that every politician, soldier or commercial supplier who has taken part in this assault on the rights of man **is a vile war criminal until he has confessed to the error of his ways.**

Know this, men of evil, you haven't got away with it. Just because the minions now in charge are too scared to confront you doesn't mean they will always be there to help you evade justice. **So repent now. Or suffer the consequences.**

False idols

Take for example the wars in Afghanistan and Iraq, predicated on the need to defeat Saddam Hussein and Al Qaeda yet both had been created through CIA funding.

That's right, the two biggest threats to our security of the last 20 years were both created by shadowy intelligence services supposedly tasked with protecting us.

[The Truth Manifesto, page 27, par 2](#)

The Prophet paused as the crowd began to debate with each other. Some made the usual charge: our boys do a lot to protect us. People like this Prophet wouldn't have the nerve or courage to defend their community. The profit heard him and said:

I hear you and I hear you well. But there is little heroism in modern warfare.

A man who hides behind a military death machine to face his enemy is a coward and a bully.

A man who goes half way round the world to attack men who pose no actual threat to him, his family or his country is a terrorist and an outlaw.

A man who forces his way on to a man's land to pull down his home -- tazering refuseniks on the way -- is a violent psychopath who does not deserve or have the protection of the Law.

He's right, you know. The good people of Dale Farm were the legal (and lawful) occupants of the site. They were subjected to orchestrated state-sanctioned violence for not having planning

permission. At the same time, murderers and terrorists were cheered on their return from their tour of violence and pillage. These are just some of the things I thought, as his words resonated with me like no others, as they resonated across the draughty square to hearts whose hears had yet to hear this message:

Know this, you Babylonian enforcers: you are common criminals, bullies, neo-Nazis.

Just like the concentration camp guards, you imagine yourself immune from your crimes, when in a just world you would be swinging from a rope for crimes against humanity.

Know this: you have no lawful authority for your violence and coercion.

And the people of Wootton Bassett should hang their heads in shame, welcoming armed oppressors as heroes.

Listen now and listen well: if you do not repent over your crimes, people of Wootton Bassett, you too will be visited with white phosphorous and depleted uranium.

This is not a threat. It is karma in action. It is

According to the rules of heraldry, the above coat of arms has at its centre a shield as opposed to a lozenge. As such, it cannot be the coat of arms of Elizabeth II, a woman. It is in fact the Sovereign's Coat of Arms and properly belongs to a man. Can you crack the code on the Garter?

Edward III of England -- who set up the Star and Garter to preserve the Prophecy -- was an incarnation of Jesus.

prophecy. You can only avoid your fate by repenting.

You have heard it said that the secret services and armed forces do a difficult job to protect us. That might have been the case in WWII. But right now, those self-same services are the biggest threat to world peace, just like the Nazi's War Machine in 1939.

The British and US intelligence establishment backed Saddam and Al Qaeda, financing their war machines, training their operatives, only for the two to turn against us.

Yes, that's right. The security services created the two greatest threats to the lives of people in Britain and the US, then inflamed those threats by unlawfully invading Afghanistan and Iraq. When will they learn that my enemy's enemy is not necessarily my friend?

So, Man, do I have to do it all myself?

Are any of you capable of taking responsibility for your actions, able to differentiate between duties and rights?

And right and wrong?

Something's rotten in the state of Britain: thugs pretend to help injured man but mug him instead

Last year, the government gave rich central bankers **£42 billion in interest (usury) alone** on the national debt.

That means that on average each household in the UK paid out **£1,784 to the banks for absolutely no return.**

In 1970, not long after I was born, the **entire debt stood at £33 million.**

Maxims of Law

Usury is odious in law

A contract founded on a base and unlawful consideration or against good morals is null.

The Bible

'Thou shalt do no usury' because usury is stealing and 'thou shalt not steal' is one of the 'Ten Commandments'.

New Heaven, New Earth

These people come near to me
with their mouth and honour me
with their lips, but their hearts
are far from me.

Their worship of me is based on
merely human rules they have
been taught.

Isaiah 29:13, NIV

I let his words sink in. I knew he was right because over time I had found the Way, the hard way. In my struggle, I always found these words inspirational, especially when looking at the wall of a prison cell:

Happy are those who know poverty because they know spirit.

Happy are those who know the sweet sorrow of a lesson hard-learned.

Happy are the kind of heart and selfless, for they will be protected when God inherits the earth.

Happy are those who hunger and thirst for truth and justice, for they will find it, speak it and live it.

Happy are those who learn to show mercy to others, for God will show them mercy.

Happy are the passionate and pure of heart, for they know God and will see God.

Happy are those who make peace, for they are the children of God who will know eternal peace.

Happy are those who are persecuted when they stand up for truth and justice, for they will find their place in the new heaven and the new earth.

Happy are you when people insult you, persecute you, lie about you, accuse you of all sorts of evil --because of me -- for they persecuted the prophets who were before you in the same way and they have joined the congregation of saints

Rejoice, you salt of the earth! Rejoice, you light of the world! Rejoice, you champion of God!

And be glad because your reward is not just heaven itself but a great place in heaven.

Equality and Duty under the Law

Good men will do good things
 Bad men will do bad things
 But to make good men do bad things takes legislation

English Proverb, 17th century

In his passion, the Prophet continued to expound on his themes of Love and Honour and I listened like I had never listened before because his words were true.

There is no honour in serving a regime which treats its people as slaves, stealing their wealth through usury. Yes, you servants of Babylon, you are part of a criminal conspiracy to enslave mankind through poverty and dependency. You have stolen man's birth right from him, the abundance which comes from God's land.

You will of course agree that any system which routinely and strategically endorses discrimination is abhorrent to any reasonable man. So why does Babylon take such delight in denying fathers access to their children? Why do their secret courts accord the potential father no rights over his unborn child? Why does their system fail to offer objective advice to mothers-to-be thinking of aborting their unborn child?

As the last festival of the Unconquered Son unfolded, we found ourselves reeling from a bombardment of comets, asteroids and solar flares, which -- in cosmic terms -- continue to whistle past our ears every second of the day.

Despite Nasa's denials, this has already led to earthquakes, tsunamis and power surges across the planet.

And a flourishing in human consciousness which cannot be erased.

The true bigots

It's true. Left wing activists and so-called liberals are the biggest bigots in the world. They just think that their bigotry is good for the world but in reality it has been used by the evil A-MZ elite to keep down good men and control society. Use of the word 'nigger' has become racist as only black people are allowed to use it without incurring the opprobrium of the self-appointed 'karma' police.

More and more people can see it: love and God are more important than country and monarch or any other false idol the Anti-Messianic Zionists have used to divide and conquer us.

This holds particularly true for New Labour apparatchiks, like Harriet Harman, Yvette Cooper and Clare Short, held to be role models for aspiring young women. Yet, if we apply the principles of the Nuremberg Convention, they would all have swung from a rope for war crimes.

Bet you wish you'd resigned right then, eh, Clare? **You could have been a hero rather than a war criminal.** But you got it wrong.

So it's time to big up, apologise and insist the mistakes made over Iraq are learnt and learnt well, **especially as the Anti-Messianic Zionists are now as I speak orchestrating an assault on our Persian friends.** Or brace yourself for the karma.

Christ: I come not to undermine the Law but to enforce it

You: but I haven't done anything wrong...

Those activists who preach 'love and peace, man' have missed out several vital stages on the journey, namely Truth, Justice and Freedom, the conditions which must be met before we can truly arrive at Harmony and Peace.

God judges us on what we can actually do. He does not condemn the single mother in her council flat for failing to expose the A-MZ new world order because she is in no position to do it.

The same does not go for a newspaper editor, judge or chairman of a corporation like a trade union, business or parliamentary committee.

And that's what free will is all about. God gives you a chance to get it wrong to test your response in these circumstances.

So when that happens, will you admit to your mistakes or carry on, regardless, in the certain knowledge that your actions have contributed to the murder and torture of God's children?

Let them eat hemp

Look into this woman's eyes and wonder how you can support legislation which condemns her to starvation.

Around 10m children die every year from easily preventable starvation and malnutrition.

Legislation and its case law is about policy compliance which cannot be enforced without the consent of a man or woman -- whereas the Law can be enforced without your consent, as it deals with actual harm to a man or woman (rather than the fictional harm allegedly suffered by fictitious corporate entities, which are in reality pieces of paper stored in an archive).

At a fundamental level, we all understand this difference. After all, who has never broken the speed limit? Who among you has never illegally taped, downloaded or shared copyrighted material? Or illegally parked their car? Or taken stationery from work? Or not declared a cash payment in tax?

If you believe that the failure to comply with policy should carry the same karmic consequences as breaking the Law, then why haven't you turned yourself in, you thief, you threat to human life, you defrauder of the poor, you vile hypocrite?

But what can I do?

When I point out the evils of the world, you plead: 'I know, I know. But what can I do?'

Well, hear this and hear it well. While you pay a mortgage or taxes, you support a system of ever widening divisions of wealth and poverty based on usury, the making of money from money, including interest.

Yes, your mortgage or loan means you are not just stealing from the poorest people in the world but consigning them to slavery. You are not just subsidising the obscenely wealthy but funding the enforcement of slavery which is against the Law.

So stop, right now! And make your peace with God. For the usurers can have no place in the kingdom of God under the new covenant. **You have no duty to the UK which has been illicitly privatised and relaunched as UK plc.** (The same has happened with our police forces and MPs, making them answerable to banks rather than the people or the Law).

Stop paying into the giant Ponzi scheme – or Pyramid selling scheme that is Western Civilisation -- and you will stop the theft of £billions from the people of the emerging world, ending world starvation, poverty and dependency at a stroke.

If you do not, then know this: you are a common criminal funding terrorism, torture and slavery. And as such I will hold you to account for the harm you have caused defenceless women and children **because what you do to the least of them you do to me.**

So hear this, craven man and woman out there. You cannot hide from God. You cannot hide from karma. You cannot escape divine justice.

If you do not repent for the harm you have done, then know this: I will ensure **you are brought to law for each and every violation of the Law**, which will be treated as a separate offence and dealt with accordingly.

Hear that and hear it, well, you vile scribblers of Grub Street, you puffed up purveyors of law, you Whore of Babylon sitting on your throne in silence while the People of the Covenant are subjected to injustice after injustice.

So false men of the Law, each time you ignored a man's rights under the Law, you committed a separate offence under the Law.

So pour your hearts out in confession, otherwise justice dictates I must hold you to account for each and every failure to act upon the oath, you serial offender, you enemy of God, you sanctimonious hypocrites in scarlet and purple.

You imprison men to enrich yourselves rather than under the Law. You have destroyed the trust placed in you by God and man. To demonstrate contrition, you will need to pay back every corrupt penny you have made. And then some.

And what about those appeal judges who refused the appeals of the Birmingham 6, the Guildford 4 and the Israeli Embassy Two? How long must they spend in prison to atone for knowingly and unlawfully keeping men in prison contrary to law?

'String 'em up, it's the only language, they understand.'

What would Jesus do?

Those bigots who discriminate against homosexuals-- largely because of their own repressed urges -- are not welcome in my church and won't be going to heaven.

Jesus abhors a bigot so why do you claim to follow my teachings then discriminate against my children?

Hear that and hear it well, you dark hearted enemies of God and man, you will not find a place in the kingdom of God because no bigot serves God.

Under the Law, you can only be held to account for the harm you cause to a man or woman and consenting sex clearly does not fall into the category of harm. Why would you think it would? What sort of sick pervert are you?

On the other hand, the Law protects you from usurers by making the whole debt – principal, interest and any other charges -- unrecoverable under any code of law because those offering loans at interest have already committed an offence under the Law. And can therefore have no rights under that Law.

Do not take the Lord's name in vain

His words sank in: why is it we hear from certain men and women of the church that homosexuality must be banned or homosexuals discriminated against because it is -- they self-righteously claim -- against God's Law yet we hear nothing from these same people about usury, which is condemned in the bible time and time again, not least in the form of Christ throwing the usurers out of the Temple?

Oh Man God knows your heart all too well! Those who lead the crusade against the openly gay are often the biggest closest homosexuals, eh, Richard Littlejohn?

That is why the Bible *apparently* says man shall not lie with man, to test your self-knowledge, levels of latent homosexuality and bigotry because the real Man of God has no prejudices. He deals with that which causes harm to a man or a woman. He does not concern himself with matters of taste.

Love is blind.

London Stone, that legend says King Brutus laid, founding the Capital, Cannon Street

Above: a dragon holding a shield with St George's Cross but no sign of St George, the patron saint of England. Left and below: the 'London stane' or stone in detail and *in situ*.

'So long as the stone of Brutus is safe, so long shall London flourish'

According to the normal version of the myth, George of England defeated the dragon to defend the honour of a woman and the security of a kingdom. So what does this statue mean?

The City has always been a separate state from England and the UK. The name 'London' derives from Dun or Don Loghres or Loghres Stone. It is said to derive from the name of Brutus of Troy's son and heir, Locrinus. Corineus's other two sons, Albanactus and Kamber, gave their names to Alba/Albion, ancient names for Scotland and England, and Cambria, an old name for Wales, still found the corrupt form, Cumbria.

Render unto Caesar only what is Caesar's

No man is owed a living but any society which denies a man the opportunity to make a living deserves to be brought down with the full force of the Law

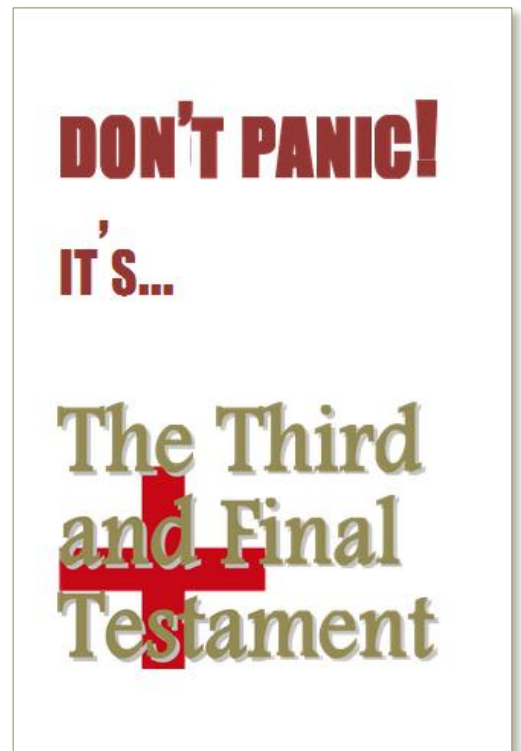

Observation of Christ

Up to the 3rd edition [Black's Law] case law is subject to the force of a maxim, which means it is subject to reason. After that, the position has reversed: a maxim only carries authority if it is part of case law.

No reason or authority is quoted for this about turn. Crucially, it gives precedence to a previous ruling whether or not it is just and works in practice, a perverted form of case law over wisdom, reason and experience.

Law ceases to be a living institution working practically for the common good and becomes instead an arbitrary and authoritarian system which not only allows tyranny to flourish but is also the very heart of the mechanism of repression.

The Third and Final Testament, Page 29, pars 3-5

Banksters, ministers, MPs and journalists are responsible for the current economic collapse yet they expect you to pay. The recent **£76billion** of quantitative easing or printing debt notes went straight to the bankers' friends.

That's right. None of the £76billion went into the wider economy. The banksters used it to ensure other already rich banksters got paid. And you and your children became liable because ministers said you would, turning a blind eye to yet another breach of the Law.

That's right, you became liable for a £76billion debt run up because of the actions of others from which you see no benefit yet are still expected to pay back at interest.

Open your eyes and see the insanity before you!

Imagine how much good could be done with that sum by good men.

The people of the third world know it all too well. Time and again, they have paid off their debts but have nothing to show for it because of interest, the most basic form of usury. Yet you, yes you in the West, condemn them as lazy and corrupt when it is the bankers supported by the British taxpayer who are the real villains, the robber barons.

But I urge you not to succumb to the sin of anger, menace and violence. Many will think they are justified in stringing these men and women up from a lamp post. Or evicting them in the same way the lawful occupants of Dale Farm were violently removed from their homes. Or covering them in white phosphorous in the way the people of Fallujah were exposed to dangerous chemical weapons. After all: 'Do as you would be done by'.

But you would have misunderstood God's Mercy.

Everyone is entitled to an opportunity to atone for their crimes and now is the Day of Atonement (or Age of At-one-ment, AUM, Alef, Vav, Mem). So atone now for your sins.

For if you do not, El, Jesus and Christ – Father, Son and Holy Ghost -- will visit the very worst of the crimes you have committed, on you and your children. You have been warned.

So let us go forward in peace offering justice to every man, ensuring that the contrite are spared and the uncontrite suffer hideously until they have learnt their lesson. And it is an obvious lesson: do not fund torture and chemical warfare.

If Prime Ministers, Archbishops and Monarchs do not perform their duty according to the oath of office they have sworn and are duty bound to follow – an oath to Justice, Law and Mercy -- they will be the lowest type of hypocrite and common criminal and treated accordingly.

If they do not enforce the Law and protect the vulnerable, then know this: I will appoint my own sworn officers of the Law to ensure justice is done and the rights of God's children are not trampled underfoot.

I will appoint police to arrest the war criminals and usurers.

I will appoint Lords to parliament and government to oversee a series of enquiries into the activities of the covert death squads who remove the dissenters who get too close to the truth, like Dr David Kelly -- and me, if I hadn't been protected by God.

I will appoint judges to uphold the oath and a monarch who can rule in the name of the Law.

And I will be right up the arses of every newspaper editor in the country. They bear a diabolical responsibility for allowing a system contrary to law and justice to flourish while lining their own pockets acting as unofficial enforcer for the Whore of Babylon.

From Leviticus Chapter 25

Count off 7 sabbath years—7 times 7 years—so that the 7 sabbath years amount to a period of forty-nine years. [...]

Consecrate the 50th year and proclaim liberty throughout the land to all its inhabitants. It shall be a jubilee for you; [...]

If you sell land to any of your own people or buy land from them, do not take advantage of each other. [...]

The land must not be sold permanently, because the land is mine and you reside in my land as foreigners and strangers.

Throughout the land that you hold as a possession, you must provide for the redemption of the land.

The One True God told me I was proclaimed Chosen One by the ringing of church bells at St Mary Redcliffe Church, Bristol on Saturday, the 7th day of the week, 7th July 2007.

TTFT, The Book of HaShem, p 104, 117

False law, false accounting, false record

Rather than exposing the criminal judiciary, journalists have protected them from the sharp light of scrutiny and failed in their own duty to ensure the Law is enforced.

All too often newspaper editors have uncritically carried secret service propaganda to deflect attention from or undermine the authority of genuine whistleblowers and dissidents.

All too often newspaper editors have joined with the mob, deafening those who wish to hear all sides of an argument before coming to a conclusion.

All too often newspaper editors have bullied people like Hugh Grant and J K Rowling simply because they wouldn't kowtow to the mainstream media.

And do not imagine that the people are on their side. As with many other issues, public opinion is swayed towards the views of newspaper editors because newspapers are their main source of (skewed) information and analysis. There is no paper of record in the UK.

Once again, the Prophet's words resonated with the crowd. The wise realised they had been lied to and began calling for people's 'justice' but the Prophet held up an arm of authority, urging them not to follow the way of the mob. In frustration at Babylon's inability to do justice.

His response: all in dispute with the media shall adopt the Common Law and sue newspaper editors for breaches of privacy, misrepresentation, libel and negligence. If they do not pay the recompense demanded by law, then the corporations they work for will be wound up to be replaced with new entities.

The real villains

Take Peter Hitchens, for example. He has used his column in the Mail on Sunday to push a policy which costs a staggering but conservatively estimated 15-20 million lives a year across the planet and condemns a further billion to the suffering and misery of chronic starvation.

For many years, he has supported this policy of de facto murder using a series of lies and misrepresentations, even where others have pointed out to him that his evidence has been misplaced and his analysis just plain wrong.

So I thought I would point out his duty to Truth under the Law, which I did.

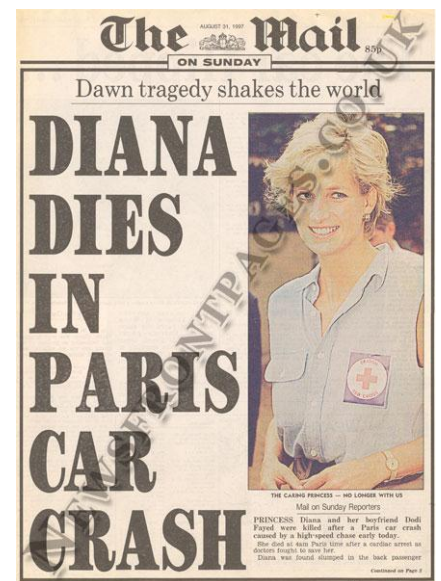

Did Hitchens correct his mistake? Did he apologise for getting it wrong? Was there the slightest prick of conscience from the Grand Old Man of Newspaper Bigotry for the misery and suffering he had contributed to? No, he ignored it.

That is the quality of men we are dealing with in the mainstream today. A propagandist masquerading as a journalist and crusader for Truth.

A de facto murderer of millions feigning concern for the public while they get poorer and he gets richer for telling lies.

Since Paul Dacre is his editor and ultimately responsible for disseminating Hitchens' vile views, he too stands charged with aiding and abetting the genocide of over 200 million people since I went on the record in 1997.

As we all know, on Fleet Street, they are the rule, not the exception.

The death of Diana

The inquest jury recorded a verdict of unlawful killing although you would barely know that from the British Press. Don't let them get away with murdering Diana at the Temple of the Eternal Flame. Dark forces continue to sabotage her memory.

Message to Prince William: it would be hypocritical and dishonourable for you to deny God's Chosen One after taking God's blessing on your marriage in God's house.

As part of the Star and Garter, you would not wish to dishonour yourself for 'Honi soit qui mal y pense'. Or was the Garter long ago infiltrated by the forces of darkness?

Since the succession is a public matter, then the Royals really need to be DNA tested before they take any kind of title.

Don't they, Mr Rothschild?

At the same time, Dacre and his media shock troops have the cheek to lecture others about duty, honour and probity. It would be comic if they weren't so ignorant and therefore dangerous. People continue to die as a result of these views.

So go on, Peter and Paul, prove you can be real men and apologise for your sins and crimes against humanity.

But the ever-popular Paul Dacre – known as 'Cunt' to his troops – is all too complicit in this assault on the rule of Law. 'Hooray for the blackshirts!' appears to still be the informing precept of Daily Mail editorial.

Dacre has already chosen to use his propaganda sheet to attack the actor Hugh Grant for his bravely giving evidence to the Levenson Enquiry into press ethics. He thinks nothing of intimidating witnesses to the enquiry which amply proves one of the charges the enquiry is looking into in the first place.

Surprisingly, the ever popular Paul is not known as 'cunt' because his troops hate him (which they do) but because of his repeated use of the C-word during editorial meetings. I mention all this because he persecuted a BBC producer for allowing the joke: 'The Tories put the 'n' in cuts' on the grounds that it made reference apparently to the 'offensive' word 'cunt'.

What a cunt!

Do as you would be done by and proportionality

Let me be clear, no one has any right to be offended. On the contrary, if you persist in your small-mindedness, you deserve to be offended because the offenders have a right to offend you under the Law, until you learn that offence is a device used by the munchkin to tyrannise good men.

Now, I lay down the law to you.

But what of when we have to bring the corrupt bankers, judges and political class to justice? What of Law enforcement?

I can tell you, I will use current sentencing as a guideline. If it is just to imprison a man for stealing an ice cream or a bottle of water or put him away for four years for a riot that didn't happen then what sentence for a judge who has time and again committed the offence of perjury, a serial offender against good and man?

So I say to every judge, every politician, every newspaper editor repent. And repent now. Because if I have to come after you then I will take your intervening silence as a statement of guilt and lack of contrition, which makes you a dangerous man in my books.

I give you, my word. I will allow nothing more draconian in my judgments than that

which has been held to be just by Babylonian judges.

You will have heard it said it is better to ignore the Son of Man -- in the vain hope he will go away, in the vain hope that you can avoid divine justice.

Let me tell you now. Nothing could be further from the Truth.

Either you seek justice at my hands and I decide your fate. Or it will be left to karma, which will visit the suffering caused by your crimes not just on you but on your family as beneficiaries of your ill-gotten, grubby gains.

Appeal to conscience

He paused to let his words sink in. I could see he was checking himself. Eyes closed, he took several deep breaths as the crowd paused in anticipation. Then, as if some divine call had been answered, he began again, speaking softer now, more deliberate in his words:

I speak to you man to man, heart to heart.

I don't have legions of undercover operatives to bug and burgle my opponents; I don't have teams of computer hackers capable of bringing your financial system to its knees in an afternoon; I don't have cells of fifth columnists who have infiltrated your organs of state from top to bottom.

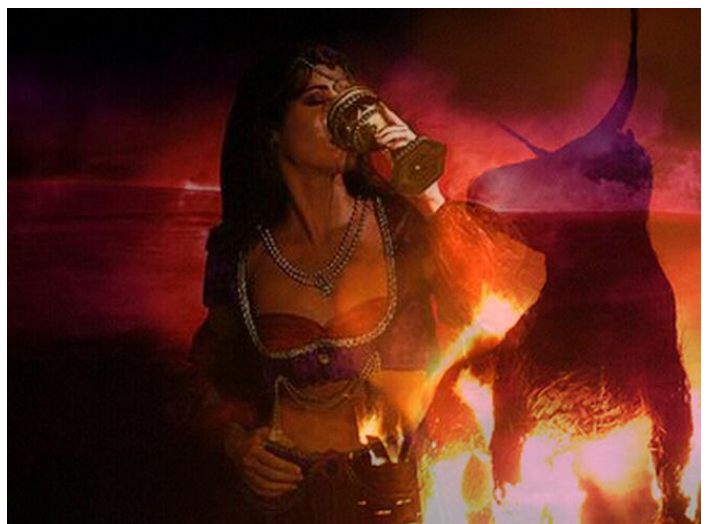

Know all I can do is appeal to your conscience and reason and hope that you will not behave like Tony Blair, a man drunk on a heady cocktail one part draconian power and four parts the blood of his victims, who understands no value higher than violence, no method more sophisticated than orchestrated coercion, no system which recognises human talent over and above slavish devotion to political and religious ideology and ill-gotten wealth.

Oh, Man, why did you choose the beast to lead you, not once, not twice, but three times? Once might easily be forgiven. Twice looks like carelessness. Three times means he reigns for two and a half terms, the reign of the Beast in the Book of Revelation.

Don't say I didn't warn you at the time. In the media. And in the Bible.

But now you know, you'll stop financing evil, won't you? After all, you're not a psychopath, like those nasty politicians, journos and bankers.

Are you?

Insight into the level of debt

[In 1960] a 'pleasing modern' semi-detached house with three bedrooms in Nunthorpe [Middlesbrough, Cleveland] was on sale for £2,750. That is the equivalent of, wait for it... just £44,280 today...ho hum.

Nowadays you would not be able to buy one for much under £190,000 in the same area, in 1960 that would have been £11,799. No wonder young people find it difficult to get on the property ladder.

<http://rememberwhen.gazettelive.co.uk/2010/04/what-price-nostalgia.html>

Since this Conservative government has come to power, it has paid around **£50 billion** in interest alone on the National Debt. That means the British taxpayer has given already rich banksters a small fortune and seen absolutely nothing in return.

When I was born way, way back in 1965, the **National Debt stood at less than £30billion**, having risen by about **£4-5billion** over the previous two decades since the end of WWII.

The National Debt now stands at **£2trillion**, a **67-fold increase** or a staggering **6,666% rise**.

If the **price of beer** -- about **1s 6p** or **7.5 pence** in 1965 -- had risen at the same rate as the national debt in my lifetime, it would now cost **£500**.

Now, if beer had gone up at that rate there would have been a revolution so why do you accept a similar rise in the national debt? Why accept the enormous rise in basic costs like housing? Despite what they tell you, you are not richer. In real terms, you have the purchasing power of the urban poor, but are bonded to Babylon (mortgage, insurance etc) like the traditional middle classes.

As news agencies report that **£trillions** have been wiped off the value of stocks and shares, why don't they tell us where that money has gone?

Real value does not disappear, it is simply re-assigned to those who have profited by betting on shares to go down. Yes, betting on failure.

People wouldn't riot, if they weren't being robbed blind by the banksters because the poverty, injustice and massive division of wealth, the cause of the looting -- would not have happened in the first place.

Even if the banksters weren't breaking the Law by committing usury -- based on the figures above, they would still fall foul of the Law by pursuing unfair contracts abhorrent to God and any reasonable man. But not to newspaper editors, politicians and bankers, apparently.

Why they let the riots run unchecked

And let's face it: the authorities allowed looters to run riot so retailers could do an insurance job on goods

which would never have been sold because of the recession. And get this!

Because it was a riot, the police's insurers are liable for the payouts rather than the looted businesses' insurers, meaning these traders were even protected from higher premiums. Not so with the police's premiums, which are, of course, ultimately met by the taxpayer. No wonder the forces of darkness let the riots happen.

Because they were provoked and allowed to happen, the riots were purposefully orchestrated to help revive the economy in the short term as businesses will get cash back for goods they wouldn't have sold in the recession. In turn, the forces of darkness will use this 'upturn' to convince the gullible and the markets that the recession is somehow over. And the Ponzi scheme goes on.

Given these circumstances, those who repeatedly break the Law and show no contrition have no rights over those who take from them or try to bring them to justice.

This applies especially to the riot police caught on CCTV, using the riots as a pretext for carrying out indiscriminate, unprovoked attacks on members of the public. Why won't the mainstream show those images?

The Current Debt Crisis

And you say, 'If we had lived in the days of our ancestors, we would not have taken part with them in shedding the blood of the prophets.'

Oh Yeah?

[TFTT, page 175, Book of haShem](#)

How many times do we have to go through the same old Groundhog Day? How many times do we have to see another reporter stand in front of another meeting of the G-whatever to tell us that the immediate debt crisis has been solved only to realise a day later that it was all so much hogwash to placate the markets?

How many times do you have to see and hear this to realise the game's up for Babylon?

Let those who have ears to hear, hear this: Babylon is running out of suckers to exploit. Hence, the so-called Arab Spring, where operatives funded by the banksters create revolution against existing regimes to implant their yes men and implement policies designed to prop up the Ponzi scheme.

Of course those who come later to the scheme will be the losers who have to meet the debts inherent in any Ponzi scheme. Those invited into the financial system from the 1980s onwards are made to bear this liability.

As all Ponzi schemes are an attempt to create money out of nothing, they are usury and are therefore unlawful and repugnant to God.

The City – a separate state from the United Kingdom -- steals off every one through usury. None of the figures quoted in profit and loss columns bears any relation to the creation of real wealth or reality in general. City accountants track credit notes rather than recording genuine profit/loss. The high street chain Peacocks was recently taken into administration not because of its profit and loss trading but because of debt charges run up by management several years ago.

Hear this: the turnover of City corporations is a record of the amounts stolen from God and Man by parasites.

Hear this: the UK economy is not performing properly because the banksters commit daylight robbery every day.

The UK economy is not performing properly because the banksters steal off the genuine wealth creators – you.

The UK economy is not performing properly because the banksters record their income as wealth creation rather than as profit from credit, which takes money out of the real economy.

Babylon's need to find new mugs to prop up the Ponzi scheme and keep them enslaved through reliance on expensive, dirty fossil fuels has put us at the greatest risk of war, yet we end up paying for their expensive and unethical defence and security machine through taxation.

UK plc is an unlawful entity

Under the UK system of government, there are no rights of man. Magna Carta and the 1689 Declaration of Rights give you the option of:

- a. rejecting that system in its entirety and living under the Law; Or
- b. joining a system, now known as UK plc, in which you are a legal slave/servant with no rights, there to act as collateral for the loans which constitute the National Debt.

We only have court cases to give the illusion of due process and justice, otherwise they exist to make lawyers and judges rich. Turn up at court and they will argue behind closed doors that you have consented to summary judgment. If you do consent, they think they can do as they please with you.

Ministers are answerable only to corporate bodies, be they finance houses, trade unions, pressure groups or so-called 'thinktanks', conceding enough of the illusion of rights, freedom and prosperity to co-opt those of low expectation and low self-esteem.

Corporatism either laughs at the individual man for his weakness or takes a big stick to him when he becomes dangerous by influencing others.

Because history is the story of Great Men inspiring others to throw off the yoke of the moneymen, they often end up dead for their trouble, vilified by the Babylonian media, like Che Guevara, the incarnation of Jesus before me, or forgotten entirely like Albert Wallace or Tommy Flowers. Only God knows the heroism of the truly heroic. People of Wootton Bassett, take note!

But let this Good News ring out: corporate 'rights' have no meaning under the Law because corporations are psychopaths hoovering up resources for themselves while men, women and children starve to death.

The Truth Manifesto has been available since May 2010. It has an easy to read history and background to the current debt crisis, [pages 14-25](#), demonstrating that the banksters are to blame

The foreseeability test

And the rest of the men which were not killed by these plagues yet repented not of the works of their hands, that they should not worship devils, and idols of gold, and silver, and brass, and stone, and of wood: which neither can see, nor hear, nor walk:

Neither repented they of their murders, nor of their sorceries, nor of their fornication, nor of their thefts.

Rev 9:20-21

Woe to the inhabitants of the earth and of the sea!

Revelation 12:12

'Woe, woe, woe'

Revelation 8:13

Imagining they are smart and dead clever, some will tell you that this is all just a result of incompetence and stupidity. But that's exactly what the elite want you to think: that you are somehow superior in intellect and wisdom than those in charge. That you would never make similar mistakes because you are a good man or woman. That if only these idiots weren't in charge.

In God's eyes, you fall into one of the ego's most basic traps, imagining you are standing up for right when in fact you are

propagating wrong in ignorance and in ego. If it is just a cock-up then why do ministers continue to ignore advice that they are in breach of the Law by failing to hold a lawful enquiry into 7/7 or the suspected assassination of David Kelly, the government scientist who blew the whistle on Iraq's non-existent WMD? Why don't they just re-open the 9/11 Enquiry and examine the evidence gathered about the collapse of WTC7? But they don't.

And that is because the forces of darkness know exactly what they are doing. They have always known that their financial policies will cause recession, depression (or '**double-dip recession**' as it is now known) and dependence. The wonder is that they have convinced the political class that they really are doing their very best and that the problems are beyond their control.

And the munchkins in the political class – and their armchair supporters -- believe them because to think the opposite means they have to admit that they have been duped for their entire lives by lies designed to resonate with their egotism.

That's right. They rely upon your stupidity – although you think it is other people -- to put their evil scheme into practice. The man in the street will plead he had no idea his actions were evil. But I will not accept that defence. You have a duty to understand the world you live in. How otherwise will you know that you are on the side of good or evil? Well, God has made it obvious for you:

If you base your economy on the war industry, then you will have to create new markets for war:

manufactured war=enormous profits for investors=funds to bribe officials and agents provocateur=more war and more repression.

If you allow pharmaceutical corporations into medicine then don't be surprised if they come up with endless treatments which they can charge for forever, generating massive, massive profits rather than a simple one-off cure, which does not.

If you allow intelligence – or anonymous or hearsay evidence – into court hearings, don't be surprised if the already poor quality of justice is diminished to the point of non-existence.

So hear me now and hear me good, you sons of Babylon.

If you harm a man, you make good the harm you have caused as a sign of contrition and responsibility. If you do not, karma will visit you and your kin until you do. Then you will know God's swift justice. And don't forget: crimes against humanity still carry the death penalty.

So think well, Man, on these questions and act accordingly.

Can you in all conscience...?

... allow families to be evicted from their homes because of corruption among the very banksters who force up interest rates, then repossess properties and use them as assets to lend ever greater sums at usury?

... allow war criminals in government to continue to distract attention from their failures in the same way that war criminal Tony Blair's Iraq offensive distracted us while billionaires trebled their wealth?

... continue to profit from the unnecessary suffering of others by investigating in usury and war?

... allow the world's war profiteers -- like Sir John Major and Sir Malcolm Rifkind, both knighted by the Babylonian Whore, who voted for unlawful war and then profited from it – to evade justice?

... ignore the fact that the last 400 years of Western civilisation are just one big Ponzi scheme, aided by the Uniform Commercial Code designed to make the poor poorer and the incompetent and talentless richer?

... allow certain professionals and members of secret societies to claim £100,000s each in mortgage payments, university tuition fees and public school fees, while the rest of us toil to earn an honest day's living?

... allow judges to make money from putting men in prison even on remand?

... pay money to banksters and ministers who conspire to deny your children the opportunities you may have had, enslaving them in the debt system?

... continue to establish, fund and protect governments, like the one in Afghanistan where stoning 'adulterers' to death is their idea of justice?

A failure of duty

All bald men are uptight

Danny the Drug Dealer, Withnail & I

But in vain they do worship me, teaching for doctrines the commandments of men.

Matthew 15:9, KJV

They worship me in vain; their teachings are merely human rules.

Matthew 15:9, NIV

The Lord says: 'These people come near to me with their mouth and honour me with their lips, but their hearts are far from me. Their worship of me is based on merely human rules they have been taught'.

Isaiah 29:13, NIV

They condemn so-called rioters but do not call to account intelligence service chiefs who signed off the unlawful dossier on Iraq's WMD, which turned out to have no basis in fact, used to justify an unlawful war. Why haven't they been charged with perjury, war crimes, misfeasance, malfeasance or sedition?

What sense of responsibility does a government show when it insists on persecuting a man who has blown the whistle on the UK funding Islamic terrorists; denies him his rights at trial; then refuses to investigate his evidence that intelligence operatives were either out of control or simply unable to do the job they had been tasked with?

I offered my evidence to the Opposition, then led by **William Hague** and later **Ian Duncan-Smith**, two of the worst performing apparatchiks in the history of British politics. (In 2001, Hague reduced a Labour landslide majority of 169 from the previous election by one seat. That's right Hague as leader of the opposition created a second consecutive landslide for New Labour). They have found their way into the current Cabinet because they thought it better to placate their bosses in the secret services who ultimately answer to the banksters in the City than do their duty under the Law and hear a man's evidence.

I mean it's not difficult, is it? All the rules of justice and law dictate that you hear a man before you judge him rather than condemn him on the say-so of his enemies. Any other course of action is immoral and counter-productive.

Yet, men in the Cabinet do not have this most basic and just of insights. Is it any wonder they continue to rape and pillage the world, helping to create an Al Qaeda regime in Libya in the first place?

They chose to conspire with the secret services against Law and Justice. They chose to refuse to ask vital question in the House on my behalf, even where this evidence told how:

- MI5 allowed 10,000s of Islamic terrorists into the UK in the 1990s,

- MI5 let a known Libyan terrorist with connections to the IRA into the country, where he was allowed to set up a terrorist network,
- MI5 had kept official research from ministers because it showed how little reliable intelligence the service had gathered on Libya, then a Category 1 target.

They chose ignorance over Truth.

Where is the sense of duty of those now in the Cabinet who have allowed the murderers in the intelligence services to get away with it, knowing that their complicity would allow their own careers to thrive when standing up to the dark forces would not?

Oh ye men of no principle or backbone! How ye make God's Own Country small and foul!

After all, what use is a clean bill of health from men who have ignorantly and unjustly failed to examine the evidence which refutes their position that the secret services work within the Law?

And let us be clear, the definition of 'national security' that MI5 works to is not about protecting you but is all about ensuring the national debt is repaid.

As the National Debt is usury, MI5's whole *raison d'être* is unlawful. Its operatives represent a covert, criminal conspiracy to undermine the rule of Law and enslave the population. This is of course a very serious crime under the law.

As the Bible makes clear, 'tax collectors' are the lowest of the low. So repent, you den of thieves.

No one is above the Law.

The so-called 'suicide bombings' in London on 7th July 2005

There has never been an official enquiry and therefore no objective examination of the government's account of the worst terrorist atrocity on British soil. The official story – known as 'the Home Office narrative' – is just an hypothesis based on theoretical unsourced information, untested analysis and conjecture.

From the Truth Manifesto, page 39

Even though the powers-that-be have been alerted to the fact that there is little evidence to support the official hypothesis, they show no sign of discharging their duty to the Truth under law.

All involved have left themselves open to the charge of perjury or worse.

Justice must not be delayed

Without truth, there can be no Justice

The test of any enquiry is that it be independent, impartial and take possession of extant relevant evidence. If an enquiry fails to take possession of this evidence then its members have failed to do their duty to the Truth, the mother and father of Justice, for which they can be charged with perjury.

If subsequent evidence emerges then any committee of enquiry has a duty to reconvene and examine it in the light of their conclusions and re-assess whether their findings still conform to Truth. Anyone disagree with this simple postulation? Speak now or forever hold your peace.

For example, you have heard it said: '9/11 conspiracy theorists are crazy and deluded' on the basis that there has been a full and open enquiry into the matter. Yet if you believe the 9/11 official hypothesis:

- you believe that a 47-storey skyscraper didn't come down that day (when it did).
- you have no problem with the fact that the 9/11 Commission clearly had no idea the building had fallen that day even though it was charged with examining all the events of that day. WTC7 was mentioned but its collapse was not.
- you have no problem with the BBC and other news outlets reporting the collapse of WTC7 – and the causes of its collapse – before it happened.
- you don't believe it is worth investigating the fact that US defense secretary Donald Rumsfeld announced that \$2.3trillion had gone missing from defence budgets on 10th September 2001. (But then again, neither does Congress or the US government).

If you believe in the official story of 7/7, then you have been duped by media and government into believing that there is an official story based on evidence scrutinised by lawful authority.

Instead there is a 'narrative' so unreliable that investigators cannot agree the simple fact of the timing of the train the four alleged bombers got from Luton to London.

Don't trust Babylon

Contrary to the rule of law, the 7/7 inquest took the culpability of the four as a given, even though this had not been established by evidence. This again is the most enormous violation of the oath to uphold Law and Justice, carrying a heavy prison sentence for those who do not admit to their crimes.

In the absence of formal public enquiries all we are left with is the word of officials and trial by media. Given the experience of recent wars, the hacking scandal and the Hutton Non-Enquiry and what has been related here, it is clear to a reasonable man that we cannot trust ministers, newspaper editors or judges to get at the Truth or understand Law and Justice, eh Lord Hutton of Whitewash? You really should have recused yourself because now you are open to charges under the Law for giving succour to war criminals. You will be judged according to the harm you have contributed to.

If the PM continues to allow trial by media in matters as serious as the suspicious death of a dissident, David Kelly; collusion between secret services and terrorists to cause murder; the alleged involvement of an MI5 agent in 7/7; then I suggest he submits himself to just such a process and stands by its results. Otherwise he is a hypocrite.

In trial by media, the role of the media is of course to confuse, cover up and prevaricate on the part of the real criminals. **In fact 'Babylon' in Hebrew means 'confusion'.** Dominic Lawson is an agent of influence of MI6 who has been exposed for using his newspaper as a crude propaganda sheet for the secret services yet he is still employed by the Sunday Times at some vast salary to spew forth his ill-informed bile, including an article supporting the sexual abuse and mutilation of babies.

If you believe that the authorities are trying to get at the truth, you are naïve to the point of criminal negligence and deserve everything that is coming to you for failing to show consideration for the rights of others.

In fact, the 9/11 Commissioners knowingly left out the collapse of WTC7 out of the final report into 9/11, precisely because they knew that it raised questions about the attacks that could not be answered using the misinformation they gathered around the collapse of the Twin Towers.

WTC7 remains the only steel-structured building in the history of the world to collapse as a result of fire and gravity without being hit by a plane.

They failed to investigate evidence which implicated members of the then Republican

Dave

I assert my Common Law authority and that use of the postcode does not imply consent to your or other's notional authority.

First, thank you for consenting to my authority as Christ. You'll never make a wiser decision.

Second, having done that, you now seem content to waste your time pandering to the tyrants of (in)decency and their phony moral crusade.

Watching women in skimpy dresses, of course, contributes enormously to the suffering of man, while bombing Libya and dropping white phosphorous on civilians in Iraq in the past does not.

You are intelligent enough to see this so why pander to the crassness?

You have failed to provide any justification for the war in Afghanistan by the deadline stated, 17:00 hours, 6th June 2011.

You, David Cameron, have accepted that there was and is no justification for the invasion. War without justification is unlawful.

You will need to provide me with a telephone number and better email contact.

Love, Dave

A few facts about Libya

Libya's human rights record was improving enormously before the unlawful invasion. So why did the UK, France and the US really feel moved to act?

According to more than a few observers, Gadhafi's plan to stop selling Libyan oil in U.S. dollars — demanding payment instead in gold-backed 'dinars', a single African currency made from gold — was the real cause. The regime, sitting on massive amounts of gold, estimated at close to 150 tons, was also pushing other African and Middle Eastern governments to follow suit.

It had the potential to bring down the dollar and by extension the world monetary system, according to analysts.

Administration when they were involved with the Project for the New American Century. There is documentary evidence indicating that they had prior knowledge of the attacks. Police routinely take prior knowledge of a crime as reasonable suspicion of culpability and investigate on this basis.

So when can we have an answer to the question on the lips of the honest operative in the secret services of Britain:

'What exactly was Mohammed Siddique Khan's relationship with the British intelligence services and MI5 in particular?'

And

'If that picture of the alleged bombers at Luton at 07:22 hours is genuine, then why can't we see the frame before and the frame after from the CCTV coverage?'

The truth is: the 9/11 Commission and the British authorities have failed on all counts, yet governments across the world continue to use the 9/11 attacks as the basis for manufactured war, making them complicit in the world's biggest ever conspiracy against Law and Justice.

Given what this fraud perpetuated in the Middle East, the 9/11 Commissioners will need to start searching their consciences and repenting over their role in the murder of millions. If not, my law officers will come knocking and call you to account for your failure to observe the oath.

After all, no one is above the Law.

The same applies to those ministers who imagine they can impose new contracts advantageous to Babylon on those who already have contracts which the money men don't like.

After all, what is the point of people negotiating a contract if ministers simply renege on the deal because it wrongly believes it has a greater duty to the criminal bankers than it does to a man who earns an honest living?

Those public servants who are currently being threatened with having their pensions reduced and working rights curtailed should simply refuse to sign a new contract. Under the law, ministers are duty-bound to operate by the terms of a contract, which can only be terminated by the agreement of both parties.

If you don't agree to new terms you still have a contract on the old terms.

If ministers fail to honour the contract — their duty under the Law — you can sue them and they can be brought to justice for

gross negligence.

But why aren't your reps in the trades union movement telling you this to avoid a wave of damaging strikes?

Is it because they too are part of the same corporatism as the government – now known as UK plc – and other publicly limited companies?

After all, trade unions funded the war criminal Tony Blair while he was in office, when no decent man would give him the time of day. Why not show your contrition for this by trying to claim back the money on the grounds it was (presumably) not given to Blair to commit crimes?

The traitors and war criminals

Responsibility is the most important word in politics

David Cameron 12 August 2011

Let he who is without sin cast the first stone

Each will be judged according to what he has done

Those of us who have actual dealings with the police -- as opposed to the armchair generals of the mainstream media and internet forums -- know that in recent times the behaviour of the police towards the general public has become increasingly draconian, with little willingness to listen, nicking people they know will never go to court just to keep the stats up and pay the bills under the UCC, while failing to bring to justice the real criminals.

Where **prima facie** evidence of Law breaking exists, the police have a duty not a choice to **investigate**. In normal cases, suspects are arrested and interrogated. So why then haven't the following been arrested, interrogated and brought to justice?

Thatcher: war criminal and murderer for her complicity with US war criminal Ronald Reagan to bomb Libya and its people. The operation was an assassination operation so she can be charged with attempted murder.

Major: can be charged with treason for signing the Maastricht treaty which recognises the European Union as a higher power than the home country and therefore constitutes treason under the 1689 Declaration of Rights and the Law.

The two above now hide behind chivalric orders like the Order of the Garter. But what chivalry is there in profiting from illegal and unlawful war? How can they square the crimes they have committed against God with the oath they swore before God?

Blair: war crimes for Afghanistan and Iraq, failure to investigate the 7/7 attacks in London according to law, fraud for the selective use of evidence – and lying -- to bump up the case for war; prosecuting a dissident to cover up his own crimes; crimes against humanity for aiding and abetting torture.

Brown: war crime for the continued presence of British troops in Iraq and Afghanistan.

Cameron and Hague: war crimes and murder for supporting the unlawful use of violence in Afghanistan, Iraq and Libya.

Meanwhile, Blair continues to stoke up the case for unlawful action in Iran so it is clear that he is unrepentant, unshamed by conscience for his role in the maiming and murder of millions of God's children in the Middle East.

Has there ever been a more vain and hypocritical leader of this country?

Other crimes: the prohibition on 'drugs'

And I will raise up for them a plant of renown, [literally 'the Lord's Plant' or 'the Name's Plant'] and they shall be no more consumed with hunger in the land, neither bear the shame of the heathen any more.

Ezekiel 34:29

And God said, Let the earth bring forth grass, the herb yielding seed, and the fruit tree yielding fruit after his kind, whose seed is in itself, upon the earth: and it was so.

Genesis 1:11

And God said, Behold, I have given you every herb bearing seed, which is upon the face of all the earth, and every tree, in the which is the fruit of a tree yielding seed; to you it shall be for meat.

And to every beast of the earth, and to every fowl of the air, and to every thing that creepeth upon the earth, wherein there is life, I have given every green herb for meat: and it was so.

Genesis 1:29-30

Don't forget Dopehead Dave is no stranger to marijuana ('Mari-Juan-a' in Spanish is 'Mary-John' in English, further evidence it's the Lord's Plant) and the Class A drug, cocaine. How can he in all conscience unlawfully enforce anti-drug legislation when he himself has broken those laws? Does he have no insight? No self-awareness? No sense of his own hypocrisy that the poor should be punished but he shouldn't because he's rich and could therefore get away with it? **At least be consistent. Either you caused harm by taking drugs in which case turn yourself in. Or drugs do no harm, in which case stop unlawfully enforcing the 1971 Misuse of Drugs Act.**

It is now clear that the British state is run for the benefit of criminal gangs as in the case, for example, of the illicit drugs trade, worth around £250-300billion across the world. As it currently goes to criminals, the money is then used to fund terrorism and other criminal enterprises like extortion, bribery, gambling, people trafficking, prostitution and funding political parties and pressure groups.

Remember it is the illegalisation of drugs -- not the drugs themselves -- which causes the harm.

Anti-marijuana legislation is responsible for at least 20 million deaths a year through starvation, the vast majority of them women and children. So know this ladies, continue to support anti-drugs legislation and you support the slow murder of women and children in the emerging world.

At the same time, aid programmes pushed by Babylon are used to subsidise US agri-business, which sells the GM food that no one else wants to aid-organisations and charities.

Anti-drug legislation is also used to predicate stop and search, the greatest cause of mistrust between police and public, particularly teenagers. I have personal experience of this. When demonstrating against that protector of child abusers, the Pope, officer TP70 unlawfully searched me, threatening me with arrest to get me away from the demonstration. He broke the Law. He must pay recompense.

Anti-drug legislation is, in any case, abhorrent to any reasonable man with an understanding of law and justice: it criminalises the victim, the man the Law is supposed to protect. The criminalisation of the victim does him (and his neighbours) far more harm than any drug he actually takes because he then has a criminal record and is consigned to life on benefits.

Where there is no harm, there is no crime.

Since drugs were illegalised in 1971, drug taking has rocketed, a four to fivefold increase, about 500%. The re-categorisation of cannabis as a Class C then Class B drug had absolutely no effect on the people taking it. So why bother wasting time and money pursuing an unlawful policy which at best has no influence on human behaviour and at worst has done the very opposite of what was intended? Indeed, I'd like to thank the authorities for introducing me to drugs – through educational awareness -- much earlier than I would ever have encountered them on my own as a teenager growing up in the provinces.

The removal of the prohibition on drugs frees up police resources to investigate the genuine crimes of people trafficking and ritual child abuse, which cause serious harm to men and women. Given the scarcity of resources, to insist on the prohibition of drugs is to encourage ritual child abuse. You can see that, as any reasonable man would. So why can't your representatives?

Crimes and consenses

To those of us who follow the mainstream with the contempt it deserves, it is no surprise that of the few things the main parties agree on, two -- pro-war and anti-drug policy – are unlawful.

Isn't it ironic that where political consensus exists, it is only over policies which undermine rather than promote the rule of law? Isn't it ironic that the proceeds of the illegal drugs trade are channelled to insurgency groups to foment revolution and war?

Hear this: anti-drug legislation hasn't just starved over 200 million people to death over the last fifteen years. It has helped pollute our cities and cause cancers and other respiratory diseases which could have been prevented.

If ye hear nothing of my words, except these, you may still learn enough to make the journey to the New World: hemp/cannabis is a cheap, sustainable, clean, carbon-neutral fuel which can entirely replace crude oil and petrol.

But the oil industry would never allow ministers to do that, would they? Instead, we shall all be forced to breath in the fumes from SUVs and other gas guzzlers, polluting our environment with far more toxic gasses than anything which comes from a cigarette. An academic report confirming that marijuana growing can provide the world's energy needs was recently published. Not one mainstream UK newspaper has even mentioned it, even though this would end our reliance on fossil, nuclear and expensive alternative energy. Do you need any more evidence of a conspiracy against the common good?

Historical precedent

'I would have got away with it if it wasn't for you meddling kids'

The villain, every episode of Scooby Doo

What passed in Northern Ireland to create a 30 year civil war is now happening across the world: the collapse of the rule of Law. In the late 1960s, Catholic communities were discriminated against; attacked by loyalists -- sometimes in their own homes -- while the RUC either turned a blind eye or joined in.

When the police fail to enforce the Law, when the police are the criminals and bullies, where can a community turn? Where does the man of conscience go to ensure his wife and children are protected? What happens when he organises himself into resistance groups? Even though he is a defender of the community, he is put in prison without trial.

When such basic rights under the Law are denied, what does a man do but pick up a weapon to defend himself and his family?

When soldiers gun down peaceful protestors marching to oppose internment;

When their bosses accuse the massacred of being terrorists themselves;

When the enquiry endorses that lie for nearly 40 years;

Where were the Catholics of Northern Ireland to turn for justice and protection?

If I hadn't borne witness to the Savile Enquiry, they would have got away with a state-backed conspiracy to execute the innocent and whip up 40 years of hatred and terrorism.

The Truth is the IRA conformed to law. The British Army did not. And the same goes for Iraq, Afghanistan and Iran. The resistance fighters have the Law on their side, the invaders do not.

I tell you, no one is above the Law.

An official enquiry has now exonerated the Republicans; gathered evidence of murder on the part of British soldiers; and exposed MI5 officers as perjurers and perverters of the course of justice. Yes, these officers lied to protect themselves and blame dead republicans for the violence. Does it get any sicker than that?

As yet, these perjurers and murderers have not been brought to justice for their crimes. But then again, the secret services in Britain have always seen themselves above the Law. Just look at my case.

The tragedy is, their fellow conspirators -- like the toxic TB -- think the same way, believing they and their friends in the intelligence apparatus have some sort of de facto immunity in law.

The real reasons behind the banking collapse

These servants of Babylon are all too willing to blame the Euro even though the UK economy was in freefall before the Euro crisis (or at least Cameron was blaming Europe until Merkel told him he couldn't). Yet -- as in all matters Babylonian -- the opposite is true: the Bank of England caused the current crisis by printing billions of £s out of thin air.

This devalued the currency; ultimately created more inflation; growth has already slowed into recession (and will go into depression) then interest rates went up still further. The Bank of England knew this would have an effect on our trading partners -- even though they use a different currency -- bringing down countries like Greece and Italy because they have higher interest rates.

(Because of the national debt, national economies have to grow a conservatively estimated 2% every year to stand still in real terms).

These ministers then either accept the demands of the bankers -- cuts to vital services for the less fortunate rather than simply cancelling the debt -- or they are forced to resign. Or worse (ref Colonel Qadhafi).

The truth is the sun never set on the British Empire. It is still there. It just morphed from a military yoke to a fiscal yoke.

The truth is the UK has caused more suffering across the world than any other nation owing to its development of central banking, which has stolen more from the commonwealth than any other system or organisation.

The truth is Britain has underperformed other economies for many, many years because it has been propped up by the criminal activities of the Bank of England and the City of London.

So, I say this to politicians across the world, decide whether you rule:

in the name of the Law;

Or

in the name of the people who allowed you to run for office, the banking elite.

When deciding, think this:

Is my name written in the Book of Life?

Land of the Covenant

Take the Law into your own hands

Just like Robin Hood

T-Rex, 21st Century Boy

Rebellion to tyrants is obedience to God

Thomas Jefferson, incarnation of the Baptist

'Arx ha Brit'

Hebrew for 'Land (or Ark) of the Covenant'

This Island of the Covenant has led the world in ideas and invention. Englishmen created the rules and regulation of football unleashing the most popular religion on the planet, virtually inventing the modern world and its passionate obsession for organised sport.

But, for a long time now, it has been difficult for the true British patriot to rejoice in the activities of his fellow countrymen, particularly the leaders of UK plc, beholden to the criminal foreign bankers.

Hear me now: it is high time we blazed a trail once again but this time as an exemplar of Law, Justice and Opportunity rather than violence, iniquity and secrecy.

Hear this for it is the judgment of Him, Her above and therefore my judgment: legislation cannot carry the force of Law because prosecutors and judges cannot be trusted to apply it justly.

Instead they give the nod to legislation contrary to any just system of law, allowing hearsay evidence and tampering with the terms of legislation already passed without consulting parliament.

Oh, Man! It is time I tell you to realise that God has tested you and your societies by sending his chosen one to walk among you to blow the whistle; to bear witness to the truth; to promote peace; to judge humanity's reaction to the presence of a Saviour.

And you have been found utterly wanting.

Time and again, Man, you have rejected me, imprisoned me, attacked me and still I stand here alive, a testament to God's love for me, a testament to my love for you, Man.

Yes, God sent his son here to test you. And what did you do? You let him undergo a Soviet-style show trial designed to discourage others from blowing the whistle on the murderers in the intelligence services.

The conviction of Mr David Shayler stands as a dangerous precedent in your code of law, especially when a more venerable and genuine democratic tradition held my act to have been political and therefore beyond the scope of extradition law.

Get that? The highest judges of the world's first modern democracy ruled that I was a political prisoner who could not be returned to his own country, a clause designed to stop tin-pot dictators like Tony Blair from using legislation to persecute their critics.

Think on this too: the forces of darkness are hell-bent on manoeuvring the world in to WWII proper.

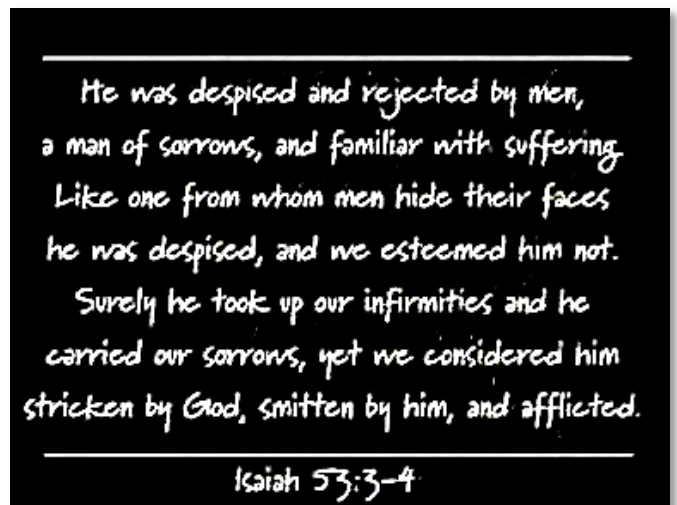

Now you know, I call upon you, yes you, to exercise particular vigilance and if necessary, bring to justice those who have argued for unjustified war.

We must reject their tainted intelligence. **None of the up-to-date intelligence selected for inclusion in the Iraq's Weapons of Mass Destruction dossier turned out to be reliable.** Yet we have recently learnt that the Iraq enquiry is not to report for several months.

Given the threats being orchestrated against Iran it is vital we release that report now and learn the lessons. We must not let the powers that be bury it. Otherwise, Britons will again be responsible for the same senseless loss of life in Iran as they already are for Iraq and Afghanistan.

I say to every man with a gun in his hand, you are a terrorist whether you think of yourself as a soldier or a freedom fighter. Put down your gun now and refuse to fight. Or face God's justice. Your enemies are not in a hole in Afghanistan or working in a nuclear facility in Iran. They are here in this country in the secret services and societies, the central banks and the media.

If the authorities fail to enforce the Law, then create a **hue and cry**, in which modern day Robin Hoods may take the Law into their own hands.

Enforce the Law yourself

Since the businesses looted recently have all benefited from usury -- in other words they have looted the public purse -- in some cases for about 400 years now -- by stealing from and exploiting the people -- they have no rights over a man who takes their goods as they have already committed a crime: they bought their possessions with stolen money and therefore live off immoral earnings.

Those who profit from usury, hedge funds, mortgages and rent are parasites, useless layabouts who live off the sweat of the brow of others, stealing their material and intellectual property, exploiting them until they are sick and desperate due to the lack of opportunity.

Psychopathic columnists in the media and the vain idiots who listen to them in Middle England condemn the so-called rioters not the real thieves, the banksters. They do not have the self-knowledge to examine their own dark hearts when they poison our air with their gas guzzlers and their dirty industries. They are incapable of wisdom or genuine good, funding a system based on murder and exploitation via their taxes.

Understand this: your savings are worthless and therefore meaningless. Think different? Then try and withdraw your savings and see how far you get. (Be quick now! It'll be first come, first served). This is a command and control economy, not a free market, utterly controlled by the banks who are no longer obliged to tell the government how much cash is in circulation. Command economies are unlawful; when the truly free market is not.

Remember, it is not simple incompetence on the part of the bankers that has led to this financial crisis but their conscious greed and corruption. It is an orchestrated conspiracy to rob you blind, led by the corrupt but enforced by useful idiots, like Tony Blair, Lord Hutton and Mr Justice Moses.

So I will not be going cap in hand to the bankers, begging them to accept higher taxes or take lower bonuses. No, I will go to the bankers waving Lady Justice's Scales in one hand and the Sword of Enforcement in the other, as I would to any common thief or serial killer and command they make good their crime or suffer the consequences.

That's right, the City bankers either repay what they have stolen or they face the highest penalties under the Law.

It's your choice, Cityboy. Repent. Or face divine justice.

The Myth of Fulckin Fitzwaren Or the real Robin Hood Aka St Olaf

'Robin Hood' and 'Fulckin Fitzwaren' are disparaging terms used to describe what the elite see as a ne'er-do-well. The former means 'robbing hood' or 'thieving bastard' and the latter 'Fuckin Bastard Sonofagun or Sonofabitch'.

The real man on whom the original myth was based lived around the time of King Edward (the Confessor). Although branded an outlaw, he inspired others to reject land-owning legislation and dictat in favour of the Common Law.

For his troubles the powers-that-be persecuted him, bringing false charges against him, denying him his rights under the Law.

In the myth, he takes to the woods with a band of merry men. They cultivate hemp and begin to build a new society based on the biblical adage: 'Do as you would be done by' until attacked or moved on by armed 'landowners' with their servant class in support.

As a result, they go underground and like later revolutionaries, adopted guerilla tactics being careful only to target those who stole from the people in the first place.

When the Danes invaded shortly after 1,000AD, Robin orchestrated a successful guerilla war to defend London, England and Britain, the Land of the Prophecy. As a result of defeating the Danes, Robin also became the patron saint of Norway, St Olaf.

As he was alive in 1,000AD, many believed him to be the Messiah.

The real criminals

The evidence of corruption is all around you. If you believe your society conforms to the Rule of Law, then why have the following been allowed to happen?

- ❖ A number of people have been prosecuted and convicted in connection with operation Ore, a police investigation into internet paedophile rings. However, a number of judges and other legal professionals were caught in the same trap but the government has made their identities a state secret. Yes, that's right. David Cameron believes that paedo judges are above the Law, even though they are clearly prey to blackmail.
- ❖ In 2003, then Sun editor Rebekah Wade admitted to a parliamentary committee in front of the cameras that she had overseen payments to police for information, admission to the criminal offence of bribery. This is prima facie evidence of law breaking, yet she was not arrested in connection with this confession until 2011 and then only because her crimes had begun to emerge elsewhere.
- ❖ What about Jewish parents who mutilate their male children in the mistaken belief that their Holy Book instructs them to do so? And the rabbis who suck blood off the penis of a baby? Why haven't these Jews been brought to justice?
- ❖ Why haven't the accountants who fraudulently signed off the accounts of the big banks before the crash been brought to justice for fraud and gross negligence? Or the accountants who invented the practices that allowed Greece to hide its real liabilities from scrutiny -- in a scheme little better than that fraudulently devised by Nick Leeson which broke the Bank of Barings -- conning genuine investors out of their money?
- ❖ What about those who receive £tens of millions every year from the EU not to grow crops on the vast swathes of land accorded to them under legislation but not the Law. Ever since the Enclosures Act these so-called 'landowners' have been the real cause of social problems, forcing the people off common land into the cities where they had to work in appalling conditions, to survive.
- ❖ Why haven't the abusers of down-syndrome child Holly Greig been investigated, Mr Cameron? Is there no officer of the Law anywhere in the country brave enough to expose ritual child abuse by announcing an enquiry into her case? Or are they too scared of the high level criminal families who practice a form of neo-Satanism?

The End of the World

The tenth day of this seventh month is the Day of Atonement. Hold a sacred assembly and deny yourselves, and present a food offering to the Lord.

Do not do any work on that day, because it is the Day of Atonement, when atonement is made for you before the Lord your God.

Leviticus 23:27-28

Then have the trumpet sounded everywhere on the 10th day of the 7th month; on the Day of Atonement sound the trumpet throughout your land.

Leviticus 25:9

On the tenth day of the seventh month, 10th July 2011, the last edition of the News of the World was published, prompting headlines stating 'The End of the World'.

As it was a Sunday, our current sabbath day, in theory 'no work' was done.

The End of the World is of course associated with the Day of Atonement or the Day of Judgment.

Onward Soldiers of Christ!

Ask what you can do for God

So let's make this Spring, the British Spring, the Home of the New Covenant of Love, Duties and Rights.

Let us unite against the banksters and their friends in the media and the judiciary to bring about not a revolution -- which replaces the regime but leaves the real rulers, the banksters, in place -- but an evolution.

And then, not an evolution of ideology but of consciousness.

Hear this now: evolution of consciousness is evolution of conscience. It sets aside group loyalties and personal identification inspiring freedom of the heart and consideration for others.

For the true God-man, consciousness is conscience, for both are found in Love.

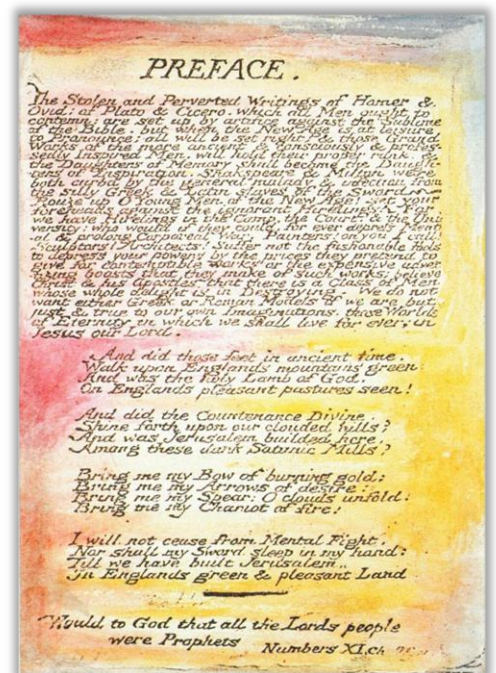

So let's unite against the common enemy, the bankers. Let's unite under the call for an end to usury. Let's unite under the banner of Love. And go forward with these words blazoned across our hearts:

And did those feet in antient time.
Walk upon England's mountains green?
And was the holy Lamb of God,
On England's pleasant pastures seen?

And did the Countenance Divine,
Shine forth upon our clouded hills?
And was Jerusalem builded here,
Among these dark Satanic Mills?

Bring me my Bow of burning gold;
Bring me my Arrows of desire:
Bring me my Spear: O clouds unfold!
Bring me my Chariot of fire!

I will not cease from Mental Fight,
Nor shall my Sword sleep in my hand:
Till we have built Jerusalem,
In England's green & pleasant Land.

Would to God that all the Lord's
people were Prophets

If any man shall add unto these things, God
shall add unto him the plagues that are
written in this book:

And if any man shall take away from the
words of this book, God shall take away his

written in this book.

And if any man impede the dissemination of
